

Wiles Sept 36th 1879

I send Mr. Fessenden \$20 dollar just at order for you. The note is that you get it.

Dear Millie, I had the satisfaction of receiving a letter from you last evening, and am glad to know that you still enjoy good health and that you are having a good time. I am sorry that you have not the opportunity, now that you are on that side, to spend more time at the more important and interesting Centres. The "Summer is ended" & it is nearly time you were turning your faces homeward, & you have not visited Boston New York, nor Philadelphia. I can see that when you do visit these places, your time will be very limited, so that your enjoyment & profit must necessarily also be limited. Of course I can fully realize that you are not free to do as you might wish, and I rejoice that you can have as many privileges as you do. Still

I don't quite understand  
why all your Collateral, or  
outside visits have all been  
so long postponed. Again  
with my limited knowledge of the  
Geography of the New England States  
& the Middle States - I may be mis-  
taken, but it seems to me that  
your plan of going to Phila<sup>a</sup>, then  
back to Farmington - then to Vermont  
then to Farmington - then to  
Boston - then to Farmington -  
then to New York - - there! I forget  
what comes next, but if I had  
these visits to make, I would  
take them in time - would go to  
Vermont - Call at Boston on my  
way back - then Call at Farmington  
& bid good bye - Go to N. York -  
& finish there - then to Phila<sup>a</sup> &  
then direct to Syracuse - thence  
home!! - In this way I would  
save much time, much fatigue  
& some money - as ever your loving  
Papua
